53rd Annual Comprehensive Oral & Maxillofacial Surgery Review Course Didactic Review with Case Format Lectures

Wednesday - Monday • November 4-9, 2026

Embark on a transformative educational journey at the 53rd Annual Comprehensive Oral and Maxillofacial Surgery Review Course, distinguished as the longest-running OMFS review course in the nation. Held amidst the vibrant backdrop of New Orleans from November 4th to November 9th, 2026, this immersive experience offers unparalleled insights and networking opportunities. Designed to meet the evolving needs of modern practitioners, this year's course features a specialized focus on anesthesia, providing 12 hours of CE specifically tailored to meet the stringent requirements set forth by many state dental boards. Led by esteemed experts in the field, participants will delve into crucial topics ranging from anesthesia evaluation to surgical orthodontic management, ensuring both clinical excellence and regulatory compliance.

Learning Objectives:

- Gain comprehensive understanding and practical skills in anesthesia evaluation and medical management of the surgical patient, ensuring safe and effective surgical outcomes.
- Explore the principles of anesthesia, including advanced techniques and considerations, under the guidance of experienced practitioners.
- Enhance diagnostic proficiency and treatment planning capabilities through in-depth discussions on oral and head & neck surgical pathology.
- Master the latest techniques and advancements in oral and maxillofacial reconstruction, equipping oneself with the expertise to address complex cases with confidence.
- Develop proficiency in dentoalveolar surgery, including the management of complications, to optimize patient care and outcomes.
- Acquire knowledge and practical insights into dental implantology, from treatment planning to osseous reconstruction, for predictable and successful outcomes.
- Explore cutting-edge topics such as clefts and craniofacial surgery, obstructive sleep apnea, and cosmetic maxillofacial surgery, expanding one's scope of practice and patient care.
- Gain practical skills in surgical orthodontic management of facial deformities, integrating orthodontic principles with surgical interventions for optimal results.
- Deepen understanding and proficiency in the management of facial trauma, from initial assessment to comprehensive treatment planning and execution, ensuring optimal patient outcomes.

Course Location and Accommodation Options

The 53rd Annual Comprehensive OMS Review Course will be held at the University Medical Center of New Orleans (UMCNO) LCMC Health Conference Center. UMCNO is the only Level 1 Trauma Center in South Louisiana. It is conveniently located at 2000 Canal Street, New Orleans, LA 70112, less than a 10-minute drive to downtown New Orleans and the French Quarter. Although the Review Course does not endorse specific accommodations, LSU Health negotiated corporate rates may be available through the QR code to the right.

The content of presentations is provided solely by presenters who have been selected because of their recognized expertise. The Comprehensive OMS Review Course is neither approved, recommended, nor endorsed by the American Board of Oral and Maxillofacial Surgery (ABOMS) and thus should not be construed as an official guide in the preparation for any certifying board examination. No one associated with the conduct of the ABOMS examination shall advertise or permit to be advertised that his or her participation in this course is an endorsement to prepare an ABOMS candidate for examination.

This activity is presented for educational purposes only. Participants are expected to use their own expertise and judgment while engaged in the practice of oral and maxillofacial surgery. Attendees should check specific details such as drug doses, contraindications, etc., in standard sources prior to clinical application. The content of presentations is provided solely by presenters who have been selected because of their recognized expertise.

The OMS Surgery Review is presented and managed by the Jack Kent Oral and Maxillofacial Surgery Foundation. The express purpose of this conference is to provide continuing education in the field of oral and maxillofacial surgery for those in attendance. The statements, ideas, and opinions expressed in this conference are those of the individual participants and in no way should reflect the statements, ideas, and opinions of any specialty certifying organization; any OMS professional or alumni organization; LSU Health New Orleans School of Dentistry; LSU Health Sciences Center in New Orleans and Shreveport; the LSU Department of Oral and Maxillofacial Surgery, University Medical Center New Orleans, LCMC; or others involved in this activity.
